

Garmin Mobile® 10 for laptops

Part Number: 010-00579-00

Add wireless navigation to your Bluetooth-enabled laptop with Garmin Mobile 10 — a GPS and Bluetooth® wireless package that includes a portable receiver along with navigation and map software.

Navigate with Ease

Garmin Mobile 10 combines all the software you need to navigate on one DVD: Garmin Mobile XT and nRoute navigation software along with City Navigator® NT detailed street maps, including a hefty points of interest database. Simply download included maps and navigation software to a data card for your mobile device or insert the DVD into your laptop to put navigation at your fingertips. Easily look up addresses and services and receive voice-prompted turn-by-turn directions to the front door. With saved routes and tracks, automatic off-route recalculation plus more, you'll never ask for directions again.

Take It With You

The included GPS 10x receiver combines a high-sensitivity GPS receiver with Bluetooth technology in a sleek design. Both portable and wearable, you can mount the GPS 10x in your car or clip it to your clothes for navigation by car or foot. This compact, lightweight receiver features a long battery life (up to 22 hours of use) and is perfect for mobile executives and professionals.
