

LASER DISTANCE MEASURERS

Tru laser measuring for when it has to be accurate. Just point the laser, press a button, and measure. Ideal for appraisers, carpenters, technicians, floor and tile layers, and painters.

LASER MEASURER

CST/berger

Model LT-160
Available Jun '08

Laser Diode	635nm
Range	60m
Accuracy Up to ±	1.5mm
Calculate Area/Volume	Yes
Full Backlite Display	Yes
Memory	Yes
Pythagoras Measuring	Simple
Timed Measurement	Yes
Battery Type	2-"AAA"
Warranty	2 Year

Available Packages:

INTERIOR
 EXTERIOR

Package 58-LT160
Contents: Batteries, Case

DOT LASERS

CST/berger Dot Lasers are great tools to increase productivity when 90° squaring, aligning and transferring points, as well as levelling.

CST/berger

Model	XP5	MP5	MP3
