

**LASERMARK® Laser Level Instruments**

Top quality products for over 130 years.

**Rotary Laser Accessories**

**Mounting Platforms-- Rotary Laser**

Easily mounts rotary laser (5/8-11 female thread). Make many application easy and more versatile with adjustable platform. Aids in the installation of drop ceilings.

57-WIZMOUNT Ceiling Mount for LM30 Rotary Laser

57-CMOUNT Ceiling/Wall Mount (graduations-- 8ths and cm)

57-VMOUNT Tripod Vertical Applications (5/8-11) Mount & Ceiling/Wall Mount (graduations-- 8ths and cm)

**Target-- Laser, Magnetic**

Features a magnetic base for attachment to metal studs or drop ceiling t-bars, with inch/cm graduations.

57-TARGET Laser Grid Target, Magnetic Base

57-TARGET-G Green Beam Laser Grid Target, Magnetic Base

**Glasses-- Laser**

Improves visibility of laser beams under bright conditions or over distances. One size fits all.

57-GLASSES RED Beam Laser Enhancement Glasses

57-GLASSES-G GREEN Beam Laser Enhancement Glasses

**Laser Grade Adapter**

This adjustable mount is ideal for setting up lasers at desired grade. Vernier allows accuracy of ±10 minutes. Includes circular level vial and standard 5/8-11 mounting thread. Compatible with all LaserMark® visible beam rotary lasers with a standard 5/11 mounting thread, and without an automatic out-of-level shut off feature.

58-LGA Laser Grade Adapter, in degrees

**Quik-Lok™ Laser Poles**

CST's laser poles with **Quik-Lok™** locking mechanisms are constructed of high strength aluminum that won't warp or break. These 15', 4-section laser poles offer excellent field service and provide trouble-free usage under adverse conditions. The top 3 sections are anodized silver and impregnated with non-erasable black ink.

The poles are graduated reading down to enable the user to determine the exact height of the sensor. The bottom 1' is a regular level rod.

**Features:**

- Nonslip Quik-Lok™ locking mechanism
- Recessed on-board vial to prevent breakage
- Shock absorbing rubber boot at bottom

09-4154T	15' 4 Section Quik-Lok™ Laser Pole, ft/10ths/100ths
09-4154E	15' 4 Section Quik-Lok™ Laser Pole, ft/in/8ths
09-4154M	4.6m 4 Section Quik-Lok™ Laser Pole, metric
09-1158	Bag for 4 Section Laser Pole

NOTE: Quik-Lok™ Laser Poles include sensor block; please specify type when ordering or standard CST block will be supplied.

**Bayonet Type Laser Rods**

A heavy-duty aluminum extrusion is precisely machined to fabricate these top of the line grade rods. All rods are impregnated with non-erasable black graduations with foot markings and instant reading numbers in bright red.

09-2082E	8', 2 Section, ft/in/8ths
09-2082T	8', 2 Section, ft/10ths/100ths
09-2082M	2.5m, 2 Section, metric
09-2158	Bag for 2 Section Laser Rod

**"Cut and Fill" Rod**

Use this rod in cut and fill operations. Rod is color coded--red for cut and silver for fill--with zero point in the middle. Made from two heavy-duty rectangular anodized aluminum.

**Features:**

- Quick-clamp locking mechanism
- Spring-loaded bottom shoe for ease of extension
- Optional integrated bubble vial for plumb indication

06-TLM	2.4m, 2 Section Cut and Fill Rod, metric
06-TLC	8', 2 Section Cut and Fill Rod, ft/in/8ths
06-TLMB	Laser Rod, Metric with Bubble Vial
06-TLCB	Laser Rod, Inches with Bubble Vial

NOTE: For optional integrated bubble vial, please add suffix "B" to end of catalog number when ordering.
