

LASERMARK® Laser Level Instruments

Top quality products for over 130 years.

MP5

5-Beam Self-Leveling Laser

21st century's "must have" productivity and accuracy enhancing, leveling and alignment tool. The MP5 offers 5 independent self-leveled 650nm highly focused laser beams, providing accuracy of 1/4-inch at 100 feet.

Plumb, level, and square instantly. And with no bubbles to level, just turn it on and go to work. ON/OFF switch locks the lasers in place when not in use. MP5's unique self-leveling and dampening system is the quickest to settle the beam, reducing set up time.

Features:

- 5 independent powerful 650nm diodes
- ON/OFF switch that locks the lasers in place when not in use to protect the compensator during transport
- Lasers automatically shut-off after 5-minutes if out of it leveling range to conserve battery life.
- Beams blink when the MP5 is beyond its leveling capability or if the batteries are
- Universal mount expands the mounting possibilities: mount on a 5/8-11 surveyor's tripod or 1/4-20 camera tripod, magnetically mount to a vertical metal surface, or strap mount to a horizontal or vertical surface

Technical Specifications

Laser Diode:	650nm
Accuracy:	
Level and Up Plumb:	±1/4-in @ 100-ft (±6mm@30m)
Down Plumb:	±1/4-in @ 100-ft (±6mm@30m)
Range:	Up to 100 ft (30m) interior visible range, dependent on illumination of area
Features:	<ul style="list-style-type: none"> • Compensator locking mechanism • Out-of-level sensor • Built-in 1/4-20 thread mount
Leveling Type:	Gimbal, Self-Leveling Magnetically Dampened, ±5°
Environment:	Built for Indoor use
Power:	Three (3) "AA" cell Alkaline batteries
Warranty:	One-Year

Use For:
Leveling, Squaring, and Plumbing • Transferring Points Floor to Ceiling for Fixtures • Finish Carpentry • HVAC, Plumbing, Pipe Installation • Plumbing and Aligning Walls, Doors and Skylights • Installing Trim and Mill Work, Leveling Electrical Outlets • Determining Grade

MP5

Model MP5 Package

58-MP5 LaserMark 5-Beam Self-Leveling Laser, with Universal Mount, Target, Laser Plumb Trivet, Mounting Strap, and Carrying Case

Track Alignment Platform— OPTIONAL

58-TAP Track Alignment Platform with Adjustment Screws. Mount the MP5 onto the platform to use for down plumb alignment jobs (such as framing and drywall installation).
