

high-density filing

new

a

a. ultima-file

Ultima-File is the high-density filing system that provides ultimate protection for large format documents. The system is fire-resistant- with insulated double steel walls and water-resistant- with a protruding apron that protects against water damage. Each file is equipped with a lock (2 keys included) to prevent unauthorized access.

The Ultima-File features a unique spring compression system. Each file contains 15 spring compression pockets loaded with four heavy-duty redrope folders each. Gentle spring pressure keeps the folders upright and the documents flat without slipping and wrinkling. Each file can store 3000 three-mil documents for active filing or 6,000 for archival filing using only a minimum of floor space.

Filing and retrieval is easy, quick and convenient with the Ultima-File. Each file includes index and folder labels for fast document location and retrieval. A fold-up shelf serves as a worksurface to reference files right at the cabinet. All folders are stored at a comfortable height, eliminating stooping or bending.

Mobility is another key benefit of the Ultima-File. Heavy-duty swivel casters allow the files to be easily rearranged or moved.

All cabinets are available in an archival quality powder coat Autumn Haze finish. No assembly required.

Model	Description	W x D x H
6560AH	For sheets 24 x 36"	43 ³ / ₄ x 31 ¹ / ₂ x 35 ³ / ₄ "

b. versa-file

The Versa-File is an economy version of the Ultima-File without the fire- and water-resistant attributes and lock. It features the same spring compression system, mobility, and space saving capabilities as the larger system. Each cabinet comes with 20 redrope folders that can store up to 1,000 active or 2,000 inactive 3-mil. documents. Index and folder labels assist in quickly locating the desired document. The lid can double as a reference shelf to support folders while searching for a document. Cabinet has an archival quality powder coat finish in Autumn Haze. No assembly required.

Model	Description	W x D x H
6563AH	For sheets up to 24 x 36"	42 x 10 ³ / ₄ x 30"
