

HALFMASK

AIR-PURIFYING RESPIRATOR

7700 SERIES SILICONE HALF MASK

770030L HALF MASK SHOWN
WITH N75003 CARTRIDGES

The 7700 Series is the most comfortable and durable half mask available. Its soft non-allergenic silicone seal provides excellent protection, comfort and fit. The half mask cradle suspension system allows the facepiece to seal evenly on the face without creating pressure points. Its low profile gives workers a wide field of vision and does not interfere with protective eyewear. The low inhalation and exhalation resistance of the 7700 Series makes breathing easier to reduce worker fatigue.

features and benefits

- Silicone facepiece material conforms to facial features and doesn't harden with age. Silicone is easy to clean, extremely durable and resists distortion ensuring a better fit, time after time.
- Contoured sealing flange and cradle suspension system eliminates discomfort caused by pressure points on facial nerves. Design of nose area provides excellent comfort and fit.
- Minimal dead air space improves worker comfort by limiting re-breathing of exhaled air.
- Direct cartridge to facepiece seal minimizes replacement parts and simplifies maintenance.
- Three overlapping sizes will comfortably fit most users.
- North 7700 Series Half Masks are compatible with all North cartridges, filters and accessories.

Part#	Description	Packaging
770030S	7700 Series Half Mask (Small)	1 per package
770030M	7700 Series Half Mask (Medium)	1 per package
770030L	7700 Series Half Mask (Large)	1 per package

CARRY BAG

77BAG FOR HALF MASK

This durable, belt-mounted carry bag can be used with any North Half Mask Respirator. Along with your North Half Mask Respirator, there is room for safety glasses, ear plugs, respirator wipes and other small items.

AIR-PURIFYING RESPIRATOR

5500 SERIES LOW MAINTENANCE HALF MASK

The North 5500 Series incorporates the comfortable and efficient design of the popular 7700 Series half mask with the low cost and convenience of a disposable. All parts are replaceable, extending the useful life of the respirator.

features and benefits

- Made of an extremely soft non-allergenic elastomer for comfort and fit. Contoured sealing flange eliminates discomfort caused by pressure points on facial nerves. Design of nose area provides excellent comfort and fit.
- Low dead air space improves worker comfort by limiting re-breathing of exhaled air.
- Direct cartridge to facepiece seal minimizes replacement parts and simplifies maintenance.
- Three overlapping sizes comfortably fit most users.
- North 5500 Series Half Masks are compatible with all North cartridges, filters and accessories.

RESPIRATOR CONVENIENCE PACKS

Available in U.S.A. Only

The 5500 Series is available in easy-to-order convenience packs. Convenience packs combine the most commonly used gas and vapor cartridges and/or particulate filters with the 5500 Series Half Mask, to form a complete respirator. See pages 16 and 17 for a description of gas and vapor cartridges and particulate filters.
