ASTM & ASTM TYPE PRECISION THERMOMETER SETS

- Manufactured to ASTM specifications and certified to NIST standards at 5 points.
- Mercury filled, yellow back glass.
- Supplied with plush lined leatherette case. Each set includes 9 thermometers, each individually calibrated against MIST traceable equipment, and supplied in a leatherette carrying case. A Report of Calibration is provided for each thermometer, outlining traceability, tests, and temperature corrections. Choose either total immersion (ASTM) or partial immersion (ASTM - Type) thermometers within the 62°C - 70°C or 62°F - 70°F series. Sets are ideal for use in quality control laboratories and where ISO 9000 standards are in place. Thermometers are individually serialized.
